

**Amendments to the Specification:**

On page 6, after paragraph 21, please insert the following paragraph:

Figure 12 is an enlarged end view of a corner portion of a container body configured in accordance with another embodiment of the invention.

On page 11, please amend paragraph 35 as follows:

As those of ordinary skill in the relevant art can appreciate, various score line configurations may be utilized to form corner portions in accordance with this disclosure without departing from the spirit or scope of the present invention. For example, although the score lines 411-414 of Figures 34 and 5 are formed on the inner sides of the respective tubes 301 and 302, in alternate embodiments these score lines can be formed on the outer sides of the respective tubes (as shown in Figure 12) and still provide the advantages associated with the present invention.
